Svetlana Memmedova 203C, Baku, Azerbaijan

Education

MSc in Artificial Intelligence, Valiasr University
(2015-2018)

BSc in Computer Science, University of Tabriz
(2010-2015)

Speaking Languages

Azerbaijani, English, Turkish, Persian

LinkedIn: SaberMalek

Google Scholar: Saber MalekzadeH

Personal information

I was born in May 1993 in Tabriz. I am single.
I like innovation, research, (Especially in Deep learning), social communities, music, juggling, graphic design, and business planning.

Sample Projects

Speech recognition, Music generation
Sound localization, Spell correction
Video action recognition, MRI segmentation
Blockchain-based token creation
AI implementation on Raspberry pi
Chatbot with Deep learning
Recommendation system, Fraud detection
Market value prediction, Sentiment analysis
Sound localization, Speaker recognition
Spiking data analysis, Secure fast compression
Web design of SMalek.ml & Advicify.ml

Honors

Holding and presenting in "Baku data webinars"
Finalist of "Global deftech" hackathon
Winner of international "Covidathon" hackathon
Winner of international "Covid19" hackathon
Hackathon committee member and mentor
"Nanotech" conference committee member
Analysis of spiking data certificate
Programming contest winner
Khwarizmi patent festival winner
Anti-impact structures patent

Work Experience

Data scientist @ Kontakt home – (Mar2021 (current))
Instructor @ Data school of Khazar University – (Sep2019-Jun2021)
Lecturer @ Khazar University – (Sep2019-Jan2020)
CTO @ AlsateX – 2019-2019 (Apr-Sep)
Chief AI officer @ sabzosalem.com – 2017 (Apr-Sep)
CTO @ Rayan Fartak Azer – 2012 (May-Sep)

Skills

Deep machine learning, Blockchain, AI-based IOT, Data visualization, Data scrapping, SQL databases, NoSQL databases, Data Analysis, Web APIs.
Python, MATLAB, C++,...
Graphic design, UI/UX Design, Web development, Financial analysis, Business planning, Business Gamification, Project management, Digital Marketing, Social network analysis, Conference holding, Mentoring.
